COMMERCIAL LIGHTING SUPPLY, Inc., has grown from a home/office operation into a warehouse and office complex with large inventory and a nationwide customer base. We have established relationships with some of the major manufacturers of lighting products in the industry.

This gives us the capability to develop, market and supply multiple product lines.

**OUR COMMITMENT
IS TO CUSTOMER
SATISFACTION.**

CLS is prepared to meet the varying customer demands from the 'generic' to 'name brand' Lighting Products and we continue to seek out a wide range of product and services to support our customer demands.

Our approach to customer satisfaction is through a commitment to superior product quality and reliable, professional service.
